

# Smoke Solutions for Laser Applications

## BREATHE FREE

### Efficient Smoke Evacuation

Remove hazardous chemicals in surgical plume, also found in cigarette smoke, safeguarding healthcare workers.<sup>1</sup>

### Improve Patient Experiences

The odor control media in the PlumeSafe® X5™ filter significantly reduces unpleasant smells, enhancing comfort for patients and staff.

### Optimal Laser Procedure Support

Tailored smoke evacuation solutions that efficiently filter surgical smoke, enhancing the safety and effectiveness of laser treatments.

### Trust CONMED

Partner with the leader in smoke evacuation for superior protection and performance.

Smoke Management System

#### Integral Wand and Sponge Guard

Smoke Evacuation Tubing

## ORDERING & PRODUCT INFORMATION

---

### PlumeSafe® X5™ Smoke Management System, 120V

CAT # PX5-120  
QTY Per Box 1

---

### PlumeSafe® X5™ Filter, 1/case

CAT # PX5-135-22  
QTY Per Box 1

---

### PlumeSafe® X5™ Filter, 4/case

CAT # PX5-1354-22  
QTY Per Box 4

---

### 7/8" x 6ft, Non-Sterile, Integral Wand and Sponge Guard

CAT # VTWT324  
QTY Per Box 1

---

### 7/8" x 10ft, Non-Sterile, Integral Wand and Sponge Guard

CAT # VTWT524  
QTY Per Box 1

---

### 7/8" x 6ft Tubing, Sterile, Integral Wand and Sponge Guard

CAT # VTWT424  
QTY Per Box 1

---

### 7/8" x 10ft, Sterile, Integral Wand and Sponge Guard

CAT # VTWT624  
QTY Per Box 1

---

### EvacuCart® Transport Cart with Locking Wheels

CAT # ETC01  
QTY Per Box 1

---

### Armstand

CAT # ARMSTAND  
QTY Per Box 1
